

Region D Website Updates

A QUICK GUIDE TO UPDATING YOUR COALITION CONTACT INFORMATION

Feature	Old Method (Manual Updates)	New System (Self-Service)
Data Source	Spread across spreadsheets, email threads, and multiple lists.	One Centralized Location.
Accuracy	Prone to human error; often outdated.	Real-Time Accuracy (Only you control your facility's data).
Emergency Use	Delays finding the correct person.	Immediate Access for Leadership.

Purpose

We are moving away from manually updating data across platforms. This new system ensures that in the event of an emergency, our leadership team can instantly access the most reliable, up-to-date contact information without delay.

This feature shifts the power to you. By taking the time to update your information, you ensure our leadership always has your facility's most current contact information!

Navigate to Login Button at the top right corner of website.

POWERED BY PARTICIPATION

Participation in the RDHC is encouraged for all healthcare providers, entities and organizations within the region who agree to work collaboratively to coordinate emergency preparedness activities. Widespread and active participation ensures that our members are fully supported, prepared, and presented with opportunities to gain valuable insight from the wisdom and experience of others. RDHC members are provided with a forum to plan and prepare for emergency situations as they collaborate to develop more effective means and better solutions for preparedness.

Final thoughts

Once a year, we will ask you to login and ensure your information is updated.

If the primary point of contact is changing for your organization, we ask you to login and update that information. Then, the new person will need to make an account, activate it, and we will assign them to the organization as the new author.
